Head Coaches Pre-Season To Do List

1). By **Friday Aug. 30th** please send an email to your team. Introduce yourself and your assistant coaches. Let your team know the location and time for their sessions, reference the field map on the website. Remind parents that all players need to bring a size 3 soccer ball, shin guards and water. Soccer cleats are optional. Recommend giving the parents on your team your mobile phone number so they can contact you. Ask the parents to volunteer to help if you need another assistant coach. SAC Junior Academy Program is ...

- About developing fundamental soccer skills of dribbling, shooting and passing.
- Focus on “age appropriate” activities and skills. Stay Positive! Have Fun!

SAC Junior Academy Program is NOT ...

- Competitive. We will not record scores or keep standings at these age groups.

Things we will **not** be doing in the Junior Academy age groups:

- No heading the ball! Keep the ball on the ground at this age.
- No Throw-Ins, No Corner kicks, No Goal kicks. No Off side.
- Avoid **L**ines, **L**ectures and **L**aps. All running should involve a soccer ball.
- No Goalkeepers. Everyone is a field player at this age group.

It is important for us to have a basic understanding of the intellectual, emotional and physical developmental stage of the players we are coaching. Here are some typical characteristics of the Under 6 player:

- Focused on themselves – reality to them is based on what they see and feel.
- Unable to see the world from another’s perspective.
- Everything is in the here and now.
- Cooling systems are less efficient - need frequent water breaks.
- Enjoy playing, not watching. Every player should have a ball in practice.
- Limited attention span - keep directions concise and to the point.

It is important for us to have a basic understanding of the intellectual, emotional and physical developmental stage of the players we are coaching. Here are some typical characteristics of the Under 6 player:

(continued)

- Effort is performance – if they try hard, they are doing well.
- Active imaginations – utilize their imagination in activities, and they will love practice!
- Look for adult approval – be encouraging when they say “Coach, look what I can do!”
- Unable to think abstractly – spatial relationships are a mystery.
- Typically have 2 speeds -- extremely fast and stopped.
- Usually unaware of game scores – keep it that way!

Coaching Education Resources

US Soccer and MSYSA Grassroots Initiative

Play, Practice, Play

Play-Practice-Play is a Grassroots developed philosophy designed around a player-centered approach to coaching. Taking a player centered approach places the needs and motivations of the player at the forefront of a coach's approach to coaching his or her players. The concept of Play-Practice-Play is to allow young players to experience the game and game-like situations as much as possible. This approach differs from traditional practices that may have children standing in lines, running laps and participating in drills that don't resemble the game of soccer.

So what happens on Saturday mornings at Junior Academy?

All teams should take plenty of water breaks as needed!

Be flexible, improvise when needed to keep the activities fun.

If an activity “works” and the players are engaged and having fun then use it again!

All players participate. No substitutions or players on the sidelines.

Be patient. Stay positive. Enthusiasm is contagious.
